THROUGH COLORADO

AS, NEBRASKA AND WYOMING,

for Colorado Springs ^{AND} Return
FOR \$38.00

Excursion Tickets to Denver or Colorado Springs, good to October 31, 1880, will be sold on and after May 1, 1880, at Omaha, Kansas City and Leavenworth, at \$38.00 each, and at proportionate rates at all points east.

First Grand Tour. \$38.00 **Excursion Tickets,** good till October 31, going west from Omaha, through Nebraska, Wyoming and Colorado, over the Union Pacific (Nebraska Line), and Denver and Rio Grande Railways to Denver or Colorado Springs, and returning east through Colorado, and Kansas to Kansas City or Leavenworth, via the Union Pacific, Kansas Line, (formerly Kansas Pacific Railway.)

Second Grand Tour. \$38.00 **Excursion Tickets,** good till October 31, going west from Kansas City or Leavenworth, through Kansas and Colorado to Denver or Colorado Springs, over the Kansas Division of the Union Pacific, and Denver and Rio Grande railways, and returning east through Wyoming and Nebraska to Omaha, via the Union Pacific (Nebraska Line).

Third Grand Tour. \$38.00 **Excursion Ticket,** good till October 31, going west from Omaha, through Nebraska, Wyoming and Colorado, over the Union Pacific (Nebraska Line), and Denver and Rio Grande railway, to Denver or Colorado Springs and returning east to Omaha by the same route

Fourth Grand Tour. \$38.00 **Excursion Tickets,** good till October 31, going west from Kansas City or Leavenworth, through Kansas and Colorado, via the Union Pacific (Kansas Line,) and Denver and Rio Grande Railways to Denver or Colorado Springs, and returning to Kansas City or Leavenworth by same route.

These Excursions Offer

A Trip to the Rocky Mountains

under more favorable arrangements than are afforded by any other route, as the tourist can go out by one and return by another **without additional cost**, affording him a fine view of the Great Snowy range its entire length, and an opportunity of visiting the famous gold and silver mines, wonderful Canyons, and celebrated health and pleasure resorts of Colorado.

The trip westward on these tickets must be *completed within fifteen days*, from date of purchase. Stop-over privileges are granted within this period of fifteen days. The return trip may be made at any time before Oct. 31, but must be completed within five days from date of starting thereon.

**THROUGH TO MONTANA BY RAIL
In 3 Days from Omaha**

Save Time, Money and Distance by going to Montana

VIA OMAHA AND THE UNION PACIFIC ROUTE.

One Hundred to Two Hundred Miles Less Staging than by River Route

Write to Thos. L. Kimball, General Passenger and Ticket Agent, Union Pacific Railway, Omaha, Nebraska, for further information concerning Colorado and Montana, and for full Description of Tourist Tickets.

INTRODUCTORY.

After several weeks of incessant labor, aided by outside co-workers, we present to the people of Sioux City, a general and business Directory, which we believe will meet the wants of the public in this particular. It would be folly to say that it is perfect in every detail, but we do claim that it will show a degree of completeness, accuracy of compilation, and a simplicity of arrangement that will be appreciated by our subscribers. The labor required in the preparation of such a work is not inconsiderable; indeed it is a delicate task, necessitating good judgment on the part of the compiler, close discrimination, and an amount of persistency which few men possess or care to cultivate. It may well be said of a Directory, that its imperfections will be noticed and spoken of, while its excellencies will pass as a matter of course, which is eminently just. However, we trust our book will prove satisfactory in all particulars; the conscientious purpose has been to make it not only accurate, but complete; and withal, trustworthy. We have patiently knocked at the door of every house in the city, and have been careful in the spelling of names and in properly locating residences, and considering the floating character of a large portion of the population of the city, we believe our book to be tolerably free from imperfections.

We wish to call the attention of the public to another thing, and that is this: the entirety of the book, type setting, printing and binding; is a Sioux City production—the same being executed by the JOURNAL STEAM PRINTING HOUSE of this city, and much credit reflects upon that establishment for its neat typographical appearance and handsome binding.

With these remarks of introduction, and thanking our many patrons for their support and encouragement we leave our work in their hands, hoping for their kind indulgence.

SIOUX CITY AND ITS ADVANTAGES.

We have neither time nor space for an elaborate history of Sioux City, and indeed such an effort would be out of place in a work designed solely as a general and business directory.

It is a city that possesses many of the advantages of a larger metropolis, with few of the disadvantages of such a place. Its geographical location would alone make it an important commercial center; and it has that within it of wealth and substantial enterprise that neither time nor financial revolution can overthrow.

It is the largest city in northwestern Iowa, is located on the east bank of the Missouri river, in Woodbury county, of which it is the capital, and its settlement dates back to the spring of 1855. It was incorporated as a city by an act of the legislature approved Jan. 16th, 1857. The first election took place the 3d of August, of the same year.

It possesses, first of all, as fine a class of business men as were ever congregated together, and in all business enterprises they have worked together in a manner that showed their public spirit, and which has resulted in the upbuilding of one of the best cities of the great west.

As a natural outcome of the enterprise of her citizens it has some of the finest buildings to be found in any city in the land; an elegant court house, costing in the neighborhood of \$90,000, commodious school buildings, excellent hotels, good banks, superior newspapers, and hundreds of handsome residences shaded by rows of wide spreading trees. The sidewalks are good, and extend to the limits of the city.

Sioux City has also superior advantages as a railroad center. The Chicago, Milwaukee & St. Paul, Illinois Central, Sioux City & St. Paul and Sioux City & Pacific, have offices here, and other corporations of the kind are represented here by live men. Trains are coming and going constantly, and the freightage of the different roads, with this city as a receiving and distributing point, is something wonderful. Besides the railroads, the Missouri river bears the commerce of a vast territory stretching for hundreds of miles to the north and west, and with much of this trade and traffic Sioux City is closely allied. Boats and barges, vessels of small and great tonnage, passenger and freight steamers, come and

go daily, and one has only to witness the loading and unloading of a single vessel to understand what an immense amount of freight is shipped from and received here on the river.

Sioux City has other points worthy of mention. It is on the border of one of the best agricultural districts in the west. Its climate is invigorating, the roads are always good; the elevation is high; the air is pure. Its people are almost entirely from the northern and eastern states, New England is largely represented, while Illinois, Michigan and Wisconsin, have each contributed a full quota. Its demand for labor is good. The railroad, machine shops, foundries, wood-working establishments, mills, brick yards, factories of various kinds, give steady employment to a large number of men, who are not mere laborers, but skilled workmen with families, and homes.

According to the last official enumeration, completed June 30th, 1880, Sioux City has a population of 7,380.

GEO. W. HEARD,
STAPLE & FANCY GROCERIES

No. 61 Pearl Street,

SIoux CITY, IOWA.

TO THE AFFLICTED.

DR. S. MOSHER, PHYSICIAN.
PHYSIO-MEDICAL

Deeply sympathising with suffering humanity, and fully convinced by years of successful experience, that he is able to cure a multitude of cases of all forms of disease, both acute and chronic, after all hope of relief has fled from the patient and his friends, he feels it his duty to make known to those afflicted that he will prescribe and furnish medicine for patients at his office, and will visit in the city or country those cases which require personal examination. He would always prefer to see the patient at least once, yet, it often occurs, in cases where this is not convenient, a carefully written description of the origin and history of a case and its treatment, closing with a statement of its present condition, by a friend who is acquainted with them, or by the patient, enables him to judge very accurately of its curability, and to prescribe the proper remedies.

The patient should describe case as fully and accurately as they can, and the Doctor will return at once a letter giving his judgment of the curability of the case, and stating his terms for medicines and directions. In this way he is often enabled to cure patients of afflictions from which they had given up all hope of delivery except it the grave. The Doctor treats with success all affections of the Liver, Throat and Lungs, Catarrh, Piles, Fistula, Epilepsy, Dyspepsia, Sore Eyes, Deafness, Heart Disease, Neuralgia, Rheumatism, Scrofula, Diabetes, Dropsy, Sores, Ulcers, Skin Diseases, such as Syphilis, Debility, Loss of Power, impediments to Marriage, Lassitude, Depression of Spirits, Loss of Energy and appetite, Pain in the Back and Limbs, Timidity and Indecision, Pain in the head, Dizziness, Impaired Sight and Memory, Bodily Prostration and Wretchedness, caused by Spermatorrhoea or Self-abuse. Dr. Mosher treats all diseases without Mercury (Calomel) or any poisons that create diseases of themselves. Consultation, personally or by letter, free and strictly confidential. **Office and Residence: Corner Fourth and Jackson Streets, opp. High School Building.**

HILL'S PREMIUM WINDOW TIGHTENER & SUPPORTER

The Public have long felt the want of something which is

Both Durable and Effectual,

As a **TIGHTENER** AND **SUPPORTER** FOR **WINDOWS**,—Something that will **HOLD THE SASH AT ANY POINT** the same as cords and weights, and also to **PREVENT THEM FROM RATTLING**, and **KEEP OUT THE DUST AND COLD** when the **Windows** are closed, thereby saving the expense of **Double Windows**. These results have been accomplished by this invention, (patented,) which consists in **grooving one edge of the sash**, and fitting into the groove a **hard-wood strip**, which is **firmly held in its place by Stirrups and screws**, and is pressed outwardly sufficiently hard against the casing, by **Springs**, to hold the **Window up at any height**. This is unlike the **Rubber Moulding** so called, which is nothing more than **stiff cloth**, slightly coated with **rubber**, and is in sight, while our **Tightener** is out of sight and does not disfigure the window. The **Rubber Moulding** soon becomes **unpliable and stiff**. We have put **Hill's Patent** into many **Windows** where they have had the **Rubber** in but a short time.

Windows refitted and Tightener applied, or Trimmings furnished by

O. C. HILL, Sioux City, Iowa.
